MEMORANDA.

Whale ship Gen. Williams, Capt. Bailey, of and for New London, with 4000 bbls oil, came to anchor off Black point, in Long Island sound during the gale on Thursday night last, but immediately dragged, and it was found necessary to cut away her masts, to prevent her going ashore. Capt. Bailey with five men left the ship in a boat to procure assistance, but in going through the surf the boat swamped, and all on board perished.

Since the above, we learn that the Gen Williams had arrived at the wharf at New London, having sustained no other damage than the above mentioned. One man arrived safely on shore upon the boat that was swamped; only five instead of six lives having been lost.

The Gen. Williams is insured in this town as follows:—at the Bedford Commercial office \$6,000; Pacific office 2,000.

A letter from Capt. Taber, of bark Bramin of this port, dated Valparaiso, Dec. 2d, states that he left his ship off Massafuero, Nov. 13, in consequence of ill health. The ship was expected in, in about 6 weeks, when he would rejoin her, if his health would permit, if not, (which was most probable) he would leave for home in the ship Chili, of Boston, to sail in about 2 months.

SINBAD OUTDONE.—A letter received here from the Pacific, contains an account of the following adventure and almost miraculous preservation of a boat's crew of the ship Russell, of Dartmouth, in June last. When within a few days' sail of Tacamas, the boats of the ship were lowered for whales, and one of them harpooned and fastened to a young monster, who, probably not being over pleased with the salutation, immediately made off at the top of his speed. The boat's crew however were not disposed to relinquish their oily prize, and accordingly held fast the line attached to the harpoon, and their frail bark was thus conveyed with immense velocity through the deep to a distance of several leagues, when by a whisk of

the tail of their submarine steed their bark was overturned and partially shattered.—One of their number was drowned, and the five survivors were thrown absolutely on their own resources, out of sight of the ship. A scanty stock of provisions remained to them, and in their perilous situation they clung to the keel of the boat during three days and nights, all which time the wind blew a gale. On the fourth day, the wind having abated, they succeeded in righting the boat, and bailing out the water, made for land, and arrived at Tacamas. Meantime the ship had unsuccessfully cruised for several days in search of the boat and crew, when they put away for Tacamas, which they reached a few days after the boat's crew. Almost incredible as is the story, it appears well authenticated.—Mercury.

HYANNIS, Mar 17.—Schr Marion, Gould, of and fm Boston for N. Bedford, cargo of cod-fish and sundry articles of merchandise, parted both chains in the gale of last night and went on shore near Spunw's Island Creek, with rudder unhung, and lies dry at low water. The vessel is tight, Cargo will doubtless be saved as soon as the wind and weather moderates.

Sloop Nantucket, Myrick, of and fm Nant., for Boston went ashore off Scituate on Friday morning at day-light, crew saved. The tide ebbs and flows in her, and it is thought she will not be got off.

At Rio Janeiro Jan 21, a whaler, reported the "Sarah, condemned and sold"—no doubt the brig Seraph, Corwin, of Greenport, before reported at Rio Jan 13, discharging.

Arrived at this port yesterday, schr Erin, Gardner, Baltimore. Capt. G. reports, on Friday, last, about 5 P. M., while lying in Little Egg Harbor, it blowing very heavy, the schr Louisa, of Tuckerton, came in, and anchored, but immediately commenced dragging, went on to the bar, went to pieces and drifted out to sea. The Erin got under weigh, and went to the rescue of the crew, and succeeded in saving 3 men. Capt Rutter and his son were drowned.

FOREIGN.

LONDON, March 3.—Oils.—The market for Common Fish Oils is languid, prices are somewhat depressed, and the business has been almost entirely confined to the wants of the trade. Sperm is dull of sale, at declining prices. Linseed Oil has met a poor inquiry. Rape Oil has further declined in value, without leading to any improvement in the demand.
