STATEMENT

Table with columns for Sperm, Whale, Bone, and months from Jan to Dec.

Table with columns for Average for 1843, 1844, 1845, 1846, 1847, 1848, 1849.

1845-Jan. 1, Prices:—Sperm 88 cts; Whale, 31 @ 34; Whalebone 33 @ 40c.

The quantity of Crude Sperm oil in the Country out of the hands of manufacturers, on the 1st of January, 1845, is estimated as follows:

Table listing quantities of Sperm Oil for various locations like New Bedford, Fairhaven, etc.

The amount of Crude Whale oil in the United States on 1st January, 1845, out of the hands of manufacturers, was, as far as we can learn, as follows:

Table with columns for Bbls N West oil, Bbls South sea oil, and locations like New Bedford, Fairhaven, etc.

There may be some small parcels of which we have no knowledge, but the amount cannot exceed 14,000 @ 15,000 bbls.

WHALEBONE.—We have been unable to ascertain with any degree of accuracy the amount of this article now on hand, except in this vicinity. There were on the 1st of Jan. 1845, in this town, 23,000 lbs—in Fairhaven, 27,000 lbs.

The uncertainty of the sperm whale fishery in the Pacific, and the meagre accounts as yet received from the Northwest fleet of Right Whalers, renders it impossible to form an estimate at this time with any degree of accuracy, of the quantity of sperm and whale oil to arrive in 1845.

COMPARATIVE TABLE

Of the Number and Class of Vessels, and amount of Tonnage, employed in the Whale Fishery from the United States on the 1st January, 1844, and 1st January, 1845.

Of the vessels which sailed from the U. S. in 1842 for the Indian and Pacific Oceans, 54 were Sperm Whalers and 130 Right Whalers. In 1843 there sailed 66 Sperm Whalers and 147 Right Whalers. In 1844, there sailed 63 Sperm Whalers and 177 Right Whalers.

Many of the ships which are reported above as Sperm Whalers, will, as has been the practice for a few years past, cruise the latter part of their voyages for whale oil.

PILOT BOATS.—At the Vineyard, Superior, 50 tons; Hiram 62; Hornet 31; Relief 42; Josiah Sturgis, 58. At New-Bedford, sch. Favorite 30 tons; Commerce 25.

The fees for Pilotage are established at one dollar fifty cents per foot for outward bound vessels, and two dollars for vessels bound into port.

The common cruising ground of the Pilot boats is off Block Island and Noman's Land and frequently they extend their range at sea as far as the south side of Long Island and Nantucket. Open sailboats with branch pilots also cruise near Cuttyhunk Island, in order to assist vessels coming into the Western passage.

It is expected that if any of the Branch Pilots above named shall during any portion of the summer or winter months engage in any other business which may prevent them from acting as Pilots, that they will return their commissions to the Wardens of the Port.
